- A total of 57 students of 2nd year B.Pharm took benefit of the visit arranged. List of the names of the students who visited the facility is attached with report.

Objective of Visit

- To learn How to manufacture and analyze the Ayurved product
- To provide the students an insight regarding the internal working of company

Highlights of the visit:

Students visited different departments of Industry. The technical staff from industry explained the details like Process flow of Ayurvedic Product manufacturing starting from Entry of Raw material into the factory till finished product exit from factory. They explained various processes like Fermentation, mixing, Storage, and final packaging.

This made our students to correlate their theory with practical application in Pharma manufacturing field.
