Objective of Visit

- To learn How to manufacture and analyze the Solid Dosage form and Dry Syrup
- To provide the students an insight regarding the internal working of company

Highlights of the visit:

Students visited different departments of Industry. The technical staff from industry explained the details like Process flow of Product manufacturing starting from Entry of Raw material into the factory till finished product exit from factory. They explained various processes like Tablet Punching, Granules manufacturing, Liquid filling, mixing, Storage, and final packaging. This made our students to correlate their theory with practical application in Pharma manufacturing field. Also discuss about GMP guidelines
