**Industrial Visit 2019-20**

Students came across various instruments like HEPA filters, ampoule washing machine, vial washing machine, UV disinfection unit, labeling and packaging benches ampoule and vial filling machines etc.

In second Session students visited different department and sections like QC, QA, Engineering/utilities etc. Technical staff also explained the principle and working of utility system of plant like laminar air flow system,

This made our students to correlate their theory with practical application in Pharma manufacturing field. The officials of **Vital Health Care Pvt. Ltd.** Appreciated and impressed with curiosity of our students to learn the subject. The students were very happy and felt enriched after visiting a manufacturing plant and analytical lab.

**Conclusion:** Overall it was good learning experience for students at manufacturing of effervescent tablet products and overall system of pharmaceutical manufacturing facility.

**Acknowledgements:** At the end of visit Prof. Mahendra Khairnar of MET's IOP, acknowledged Dr. B. K. Jogale (Plant Head) and Mr. Ravi Kumar (HR Admin) for giving opportunity to students for industrial exposure.
