

MET'S Institute of Pharmacy

ACTIVITY REPORT

Name of Activity- Training Session on handling of Raman Spectroscopy (JASCO-ARX)

Day and Date- Friday, 03/03/2023

Participants	Staff	Student	Class and Course
	20	00	NA

Details of the Program

Mr. Kunal first given training about working principle of Raman spectroscopy. Then, he explained various key buttons available on instrument and how to operate it. A demonstration by taking solid sample was given and the spectra compared with standard for identification of compound and then compare with standard spectra's available in system. Further he added about application of raman spectroscopy. Finally all the queries of staff members were solved by trainer.

Program Objective Achievement

PO1	Pharmacy Knowledge	✓	PO7	Pharmaceutical Ethics	
PO2	Planning Abilities	✓	PO8	Communication	
PO3	Problem Analysis		PO9	The Pharmacist and society	
PO4	Modern Tool Usage	✓	PO10	Environment and Sustainability	
PO5	Leadership Skills		PO 11	Lifelong Learning	✓
PO6	Professional Identity	✓			

Objective of the Activity	To provide training to staff members of MET IOP, Nashik about handling and operation of Raman spectroscopy.
Benefits of the activity	Staff members of MET IOP able to understand principle, working, application and how to operate Raman spectroscopy.
