ACTIVITY REPORT

Name of Activity- A report on "Academix accelerator: internal mastery workshop"

Day and Date - Wednesday; 03/04/2024

Dti	Student	Staff	Class and Course
Participants	35	09	M. Pharmacy (All branches)

Details of the Program

M. Pharm first-year students attended an "Academix accelerator: internal mastery workshop" on pharmaceutical instruments, equipment, and machines. This workshop equips learners with the necessary expertise to operate and maintain analytical instruments, equipment and machines commonly used in various department like production and quality control department in Pharmaceutical industry.

Equipments covered during the workshop were- Tablet compression machine, fluid bed processors, Dissolution test apparatus, rotary vacuum evaporator, brookfield viscometer, miniquest tablet coater, Microwave oven, Electronic balance. Also this workshop covers the opportunity to learn the important aspects of HPLC, FTIR and UV in instrument room. Total 35 students participated in this workshop.

Preclinical research is performed in the animal house which is upgraded according to the recommendations of CPCSEA guidelines. Demonstration of standard operating procedures of washing and sanitation of animal cages, racks, and water along with proper washing facilities and sanitation conditions of Animal rooms, corridors, storage spaces were shown to students

Objectives of	of the	To impart basic practical skills in handling of lab animals, analytical instruments,		
Activity		equipment and machines.		
Benefits of	the	Students got benefited by demonstrating actual analysis using sophisticated		
activity		equipment and instruments through troubleshooting abilities during actual		
		analysis.
