Details of the Program:

1. Introduction

An industrial visit to **Cliantha Research CRO**, Ahmedabad, was organized on **26th June 2026** for the students of **M-Pharmacy (Pharmacology and Pharmaceutical Regulatory Affairs)**. The visit was coordinated by the **Department of Training and Placement** with the objective of providing practical exposure and insights into the functioning of a Contract Research Organization (CRO) and understanding its role in clinical research and drug development.

2. About Cliantha Research

Cliantha Research is a globally recognized full-service **Contract Research Organization (CRO)** offering a broad spectrum of services in **clinical research, bioanalytical, biostatistics, clinical data management, regulatory affairs, and quality assurance**. With a focus on innovation and regulatory compliance, Cliantha partners with pharmaceutical, biotechnology, and medical device companies to support clinical trials and product development.

Objectives of the Visit

- To understand the structure and operation of a CRO.
- To gain knowledge about clinical trial phases and protocols.
- To observe the working environment of various departments like clinical, bioanalytical, data management, and regulatory.
- To bridge the gap between theoretical knowledge and practical industry applications.
- To motivate students towards careers in clinical research and pharmacovigilance.

4. Schedule of the Visit

Time	Activities
2:00 PM	Arrival and welcome at Clianza Research
2:30 PM	Presentation on Company Overview and CRO Services
3:00 PM	Tour of Clinical and Bioanalytical Labs
3:30 PM	Tea and Snacks Break
4:00 PM	Interactive Session with Research Scientists
5:00 PM	Q&A Session and Career Guidance
5:30 PM	Group Photo and Vote of Thanks
6:00 PM	Departure from Clianza Research

5. Key Learnings

- Insight into **clinical trial processes** including protocol design, patient recruitment, ethics, and data analysis.
- Exposure to **bioanalytical techniques** used for pharmacokinetic and pharmacodynamic evaluations.
- Understanding the importance of **regulatory compliance**, **GCP (Good Clinical Practice)**, and **GLP (Good Laboratory Practice)**.
- Familiarity with software tools and databases used in **clinical data management** and **pharmacovigilance**.
- Interaction with experienced professionals provided clarity on **career opportunities** in clinical research.

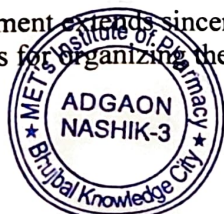

6. Feedback from Students

The students expressed that the visit was highly informative and gave them a broader perspective on the role of CROs in drug development. The hands-on exposure to various departments enhanced their understanding of real-time industry workflows and regulatory challenges.

7. Conclusion

The industrial visit to **Clianza Research CRO, Ahmedabad** was a great success and proved to be a valuable educational experience for B.Pharm and Pharm.D students. It not only enriched their academic understanding but also sparked interest in pursuing careers in the clinical research domain.

The Department expresses sincere thanks to **Clianza Research** for their warm hospitality and to the faculty coordinators for organizing the visit effectively.
