Details of the Program: The Training and Placement (T&P) Department of MET's Institute of Pharmacy, Nashik, visited Megafine Pharma Private Limited, Dindori, as a part of its continuous industry-academia collaboration initiatives. The visit aimed to strengthen professional relationships with the organization, explore opportunities for student placements, and understand the latest trends in the pharmaceutical and biotechnological domains. The T&P team interacted with the company's management and technical experts to gain insights into the industry's expectations from budding pharmacy professionals. During the visit, discussions were held regarding: Possible campus recruitment drives for final-year students. Internship and training programs for pre-final year students. Collaborative projects to enhance industry-ready skills. The team also toured the facility to understand the operational workflow, research focus, and technological advancements employed by Megafine Pharma Private Limited. This exposure will help in aligning student training programs with real-world industry practices. The visit concluded successfully with a positive outlook toward future collaborations. The T&P Department is confident that such partnerships will provide students with valuable career opportunities and bridge the gap between academia and industry.

Program Objective Achievement
