	Staff	Class and Course
Participants	38	-

Details of the Program

MET's Institute of Pharmacy organized an online expert talk on "From Idea to Impact: Decoding Successful Research Proposals" on 19 October 2026 through Google Meet, under the aegis of IQAC, Institution's Innovation Council (IIC), R&D Cell, and Idea Café. The session was delivered by Dr. Dadasaheb Kokare, Professor and Director, R&D Cell, Rashtrasant Tukadoji Maharaj Nagpur University, Nagpur. He emphasized the importance of proposal refinement, scientific soundness, and addressing common lacunae in research proposals intended for funding agencies such as ICMR, ANRF, DST, DBT, AYUSH, and RGSTC. He encouraged faculty members to develop research proposals within their domain of expertise and focus on clear objectives and robust research methodologies. The interactive session included faculty queries, which were addressed thoughtfully by the expert. The talk provided valuable guidance to faculty members for strengthening their research proposals and pursuing research funding opportunities.

Program Objective Achievement

PO1	Pharmacy Knowledge	✓	PO7	Pharmaceutical Ethics	✓
PO2	Planning Abilities	✓	PO8	Communication	✓
PO3	Problem Analysis	✓	PO9	The Pharmacist and society	✓
PO4	Modern Tool Usage	✓	PO10	Environment and Sustainability	✓
PO5	Leadership Skills	✓	PO 11	Lifelong Learning	✓
PO6	Professional Identity	✓			

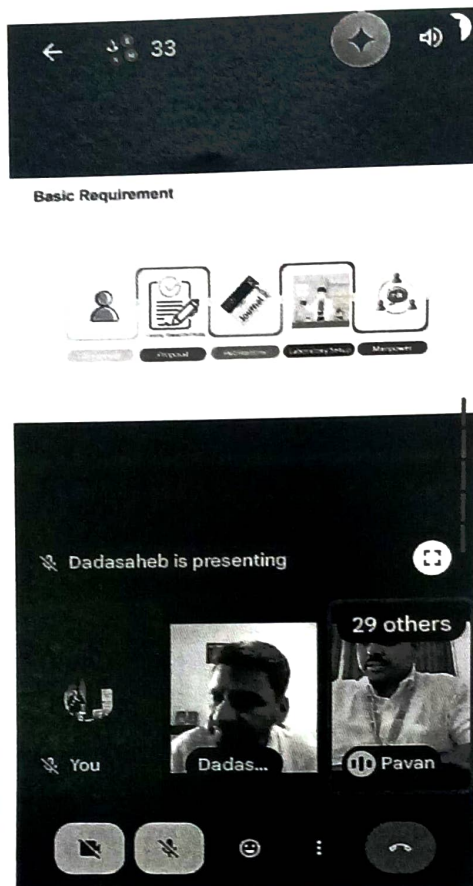

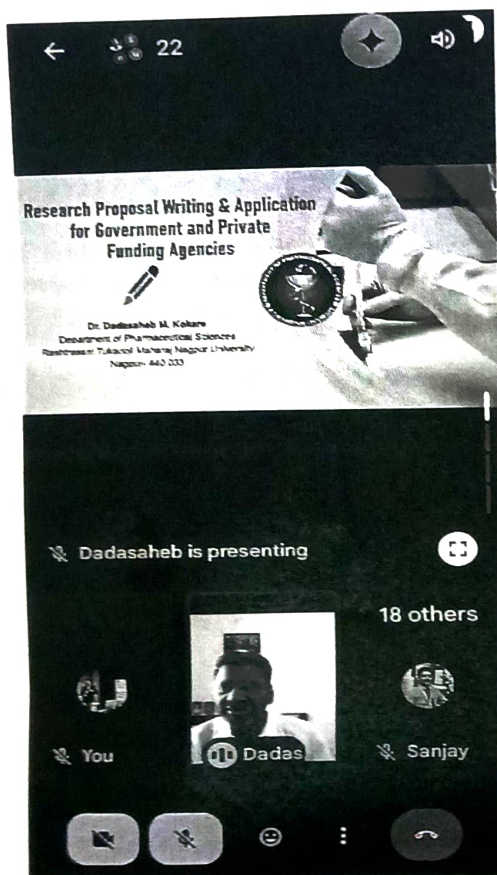

Objective of the Activity	- To familiarize faculty members with the principles of writing, structuring, and refining scientifically sound research proposals for funding agencies such as ICMR, ANRF, DST, DBT, AYUSH, and RGSTC. - To guide faculty members in identifying common gaps in research proposals and developing impactful research ideas aligned with their domain of expertise.
Benefits of the activity	Faculty members gained insights into research proposal refinement, scientific rationale, and effective proposal writing to improve the quality and competitiveness of funding applications.

- Faculty members received practical guidance on selecting research problems within their area of expertise, with their queries addressed through an interactive discussion with the expert.
